AM--

I can't get to India. The PR people seem to think that I'm a reporter. who's job is to tail people like HRC. I can't, on two days notice, cancel every thing and devote three days to getting 25 minutes with Hillary. I've managed to get Obama, Gates, Wen

Jiabo. Blair, Brown, Lula, Geithner to find time to talk to me. Perhaps I will be able to convince Hillary's people that I don't have to go through this absurd procedure of getting myself somewhere 6,000 miles from DC so that I can get 25 minutes with her.

Anyway, happy to talk. Give me a number to call.

Fareed

I'll be on the trip-would be so great to see you in India. I will call u later today - I'd like to talk about the speech and specifically about what you could do in a column - I think you have an opportunity to name the Obama Doctrine while giving HRC credit for spelling it out. Pse respond to my state address. All best, AM
